CharIN in Japan – Big CharIN presence at EVS 31 in Kobe

With 10 members and over 215 square meters the CharIN e.V. was present with a large joint booth, a Platinum sponsorship and a presentation during the conference program at the EVS 31 in Kobe from September 30th to October 3rd.

EVS31 took place in Kobe, Japan from 30th September to 3rd October 2018. CharIN e.V participated in this year's EVS, continuing a tradition that was started last year in Stuttgart with EVS30 and promoting the Combined Charging System (CCS).

On October 3rd, Michael Keller, treasurer and member of the CharIN board gave a CharIN presentation in the session “AC & DC Charging” of the conference program that took place in parallel to the EVS 31 exhibition. In his presentation, he stated that CharIN members are working on the aim to provide high-power charging with 500A and 400kW.

Moreover, CharIN hold its annual General Assembly on October 1st in the afternoon followed by a booth party with all participating members and exhibitors afterwards.

Along with all the other exhibitors and visitors, CharIN is happy that Typhoon Trami passed peacefully the day before the EVS31. Though there were some

Trami related limitations in long distance travel at the beginning, many interested people came to visit the show.

The next event EVS32 will take place from May 19th to May 22nd, 2019 in Lyon, France. CharIN is already preparing the next show with another huge joint booth for the association and its members. If you are interested to join, please contact us at evs@charinev.org
